The Court charged the jury that if they found the animal to have been a bay gelding, as appeared in the evidence, they could not convict Yost of stealing the horse.

Court adjourned Tuesday morning till Saturday. On that day motions for new trials will be heard in the Yost case, and in the case of Marshall et al vs. Woltz et al. A contempt case will be for hearing also.

The New Sporting Annual.

That greatest of standard authorities, the "Police Gazette Sporting Annual," published by Richard K. Fox, Franklin Square, New York, has just been issued for 1906, and the many new records have increased its size but not its price. It contains records of baseball, bicycling, trotting, jumping, football, racing, aquatics, and all athletic sports. The main feature of the book, however, is the pugilistic records, and many pages are devoted to that popular branch of sport. This great book is made doubly attractive by its high-class illustrations and photos of the champions. It is authentic and reliable, and stands to-day an authority on the subjects upon which it treats. The price is ten cents; postage two cents extra.
